MEMORANDUM FOR: TOD Files

SUBJECT : List of CIA Reporting Entities for TOD (FY 1967)

1. The list of CIA Reporting Entities is attached. The Entities are numbered within the block 800-899. All numbers from 800 through 899 not specifically listed are not in use and are available for later assignment.

2. These numbers have been assigned more or less arbitrarily. However we have made an attempt to leave room for expansion at places where we thought this might occur. This is a matter of convenience and not of necessity, since in machine coding the machine is not concerned about which numbers are assigned to which entities.

3. Again, for convenience, the entities have been grouped under five major headings: DCI area, DDP area, DDI area, DDS&T area and DBS area.

4. Where "synthetic" Reporting Entities are listed -- i.e., where the Reporting Entity does not precisely represent the resources of a single actual organizational component -- a reconciliation, which indicates exactly which portions of which real organizational components have been grouped in the synthetic entity, is available both in CIA/OPPB [redacted] and in DCI/NIPE.
